Mr. J. L. Collier, M. D.,
Taylor, Texas.

Dear Mr. Collier:

Your letter of June 1st came to hand and has remained in the unanswered portion of the mail on my desk waiting for time to tell you more about the Collier family.

Isaac Collier of Brunswick County, Virginia, died in 1771, and his will was probated October 20, 1771, and is recorded in Will Book 4, Page 80, of the Brunswick County, Virginia, records. Vines, one of his sons, who came to Georgia died in 1795, and his will was probated December 11, 1795.

I cannot connect up Henry as being one of the sons of Vines, so evidently he must have been a grandson.

There is a Collier living in Waco that moved from Georgia many years ago. I rather think his initials are R.P. I have had letters from him, but did not meet him personally when I was in Waco two years ago.

Are you a relative of Dave Collier at Plain View, Texas? One of my grandfather's brothers, Efford Collier, moved from Upson County, Georgia, to Texas, settling in Cass County and has many descendants scattered all over Texas.

I would appreciate all the information you can give me when you have time regarding the Collier family.

I trust some day to know you personally, and if you ever visit Georgia, come to see me without fail.

Yours very truly,

JCC:S
